CULTURALLY SPECIFIC  
FUNERAL & CREMATION SERVICES

# Funeral & Cremation Services

Eastland is proud to offer our community quality, culturally specific services at economical prices. Discover more below.

## Cremation

Understanding your needs and belief in cremation is important to us. We guide you through all options ensuring you make comfortable and affordable decisions. We offer witnessing of the cremation and family participation.

## Cremation & Scattering

Whether your wishes entail returning a loved one to the moving waters of the Ganges, or locally. Eastland will guide you through all options related to water or earth scattering of the ashes.

## Burial

If full body burial or burial of the ashes is important to you, we can assist in all options in any cemetery. Rely on our expertise to ensure your decisions are made comfortably and affordably.

# Repatriations

Returning a loved one home can seem like an expensive and daunting task. Our Licensed Funeral Directors specialize in this honourable task and will guide you through shipment of the deceased to any place in the world. Whether full body, or cremated this honour is more common than one may think.

## Full Body Repatriation

With your trust, we work alongside country-specific consulates as well as translators and other officials to ensure the fastest and most respectable return of one's full body to their homeland for burial or cremation. From the first step all the way to the final flights, we can be relied on 24/7.

## Repatriation of Cremated Remains

Each country in the world has specific rules on how to ensure safe entry of a cremated body into their country. Rely on Eastland to guide you through the steps to ensure that your loved one's ashes are safe and that all elements are covered for this important task.
